

## NEW HIRES..... Welcome to FSC!

**Troy Engemann** will be an Agronomy Transportation Driver for FSC and he will be based out of Harlan. Troy will report to Nick Schechinger. Prior to joining FSC, Troy was a fuel delivery driver for Pilot Flying J and also drove for Behrens Trucking out of Harlan. Troy lives in rural Harlan.

**Dawson Hikins** will continue his employment with FSC in Agronomy Outside Operations at Moorhead. Dawson will report to Joe Gubbels. Dawson worked during the spring and summer of 2018 as an FSC Agronomy Outside Operations Intern. Dawson will graduate in May of 2019, with a degree in Agri-Business from DMACC. Dawson lives in rural Charter Oak.

**PROPANE SAFETY AND FLOODS**.....Floods can occur anywhere during any season of the year. While some floods can take days to develop, others — such as flash floods — can occur in minutes. According to the National Weather Service, over 140 deaths per year are caused by flash floods and floods that are associated with thunderstorms. Each year, floods cause an average of \$4.6 billion in damage to homes and businesses.

## 10 Things You Can Do to Keep Your Family Safe

- 1- Create an emergency preparedness plan and review it with everyone in your family.
- 2- In flood zone areas, make sure your large above-ground and underground propane tanks are anchored securely to avoid potentially dangerous situations.
- 3- Have an adequate supply of propane in your tank.
- 4- In the event that a flood threatens your safety, you should shut off the gas.
- 5- Listen to your local authorities, or television and radio stations to determine if you need to evacuate your home or farm.
- 6- After the flood danger passes and it is safe to do so, check the entire area for downed power lines, damaged gas lines, or damage to your propane tank.
- 7- Never use outdoor propane appliances indoors or in enclosed areas, particularly during a power outage.
- 8- Inspect your propane appliances for water or other damage, if it is safe to do so.
- 9- Schedule a time for a qualified service technician to perform a complete inspection of your propane system.
- 10- Exercise sound judgment.

## EMPLOYMENT ANNIVERSARIES...These FSC employees achieved an employment anniversary during the month of March. Thank you for your years of service!!
